

A chairde,

Please find below some guidelines for accessing additional reading material as required for your child. Whilst nothing beats reading and engaging with a physical storybook this list may be useful at this time for children to choose a book that they like for extra reading based on their interests.

This is not meant to be an exhaustive list of books to read. It is to be treated as a 'menu' to dip in and out of and not as a 'prescription'.

Suggestion : Children would choose one book in Irish and one book in English every week to read and enjoy.

Go raibh maith agaibh

English Reading
